New Year's Eve at Central Park

Dec. 31 | 4 to 7 p.m.

87 Registered for Skate Show

970 currently registered in winter program, it is on pace to be the largest winter session ever.

Twin Cities Live : Mandy Pirich and Zach Moulton were interviewed

August 4, 2022

Dear Mandy Pirich,

Learn to Skate USA is proud to recognize Maple Grove Skating School for enrolling 888 skaters and your contribution to promoting and sharing a love of skating across the country.

Your program is one of 169 in the country that has welcomed more than 300 skaters to the ice this year. To celebrate this milestone achievement, Maple Grove Skating School will receive a Learn to Skate USA plaque to display at your facility.

Maple Grove Skating School will also be highlighted in the winter issue of Learn to Skate USA the magazine and the October issue of SKATING magazine where your success will be shared with all members of U.S. Figure Skating.

In addition to the amount of members in your program, we wanted to share additional information about the success of your program and how it ranks within a variety of fields:

Rank in the Nation: 27
Rank in your State: 1
Rank in your Section: 7

This data can be utilized within your marketing for the upcoming season to contribute to further growth and expansion of your program.

The skaters registered in your Learn to Skate USA program last season represent an extraordinary achievement. Learn to Skate USA is celebrating a record-breaking 2021-22 season and we are delighted to recognize everyone involved in this success. We are appreciative of your continued commitment and dedication to the growth of Learn to Skate USA.

Without you, this success and development would not be possible. We want to extend a heartfelt thank you to everyone involved. The teamwork and commitment between program directors, instructors and facility managers is what makes it possible to grow skating in the community and have a successful program. We sincerely thank you and your staff for your continued support of Learn to Skate USA and send our very best wishes to you for much continued success.

Sincerely,

Susi Wehrli McLaughlin
